Free Event

For Aged Care Managers, Coordinators, Support Workers and Specialty Service Providers.

The focus of the SA Collaborative Projects 2017 Symposium is to raise awareness of loneliness and social isolation amongst older people. Examples of good practice and the skill sets required to deliver services that re-connect people with community will be explored.

The day will incorporate informative and positive take-away messages and provide opportunities for involvement in communities of practice. We are delighted to welcome Jane Mussared (COTA), Debbie Faulkner (University of Adelaide), Dr David Panter (ECH), Vanessa Leane (St John SA), David Kelly (SAHMRI), and other stimulating speakers!

Supported by the Australian Government Department of Health. Visit the Department of Health website (www.health.gov.au) for more information. Although funding for this Symposium has been provided by the Australian Government, the material herein does not necessarily represent the views or policies of the Australian Government.
