The Barossa Council acknowledges the Ngadjuri, Peramangk and Kurna people and their ancestral connection to land and pays respects to Elders past, present and emerging.

From the MAYOR

This annual business plan and budget is the last of this Council's term, and we have seen many exciting projects completed, underway or planned for. It is a time for consolidation for Council as we reach a point with The Big Project of recasting and assessing the future with the new Council.

This budget primarily provisions for core investment and completion of the last of the larger projects for a little while, the Barossa Creative Industries Centre. We will continue to plan for the future and we are excited to see Concordia likely to kick off in 2026-27 along with our normal growth, whilst we focus on maintaining our services and infrastructure over the long-term.

Our 2026-27 budget proposes a net increase of 3.43% in general rates and a further \$16.35 per annum for services charges to existing ratepayers, who receive all services. This equates to \$1.86 per week for the average residential ratepayer and \$2.02 per week on average for all ratepayers. We know costs continue to rise, however we have targeted a 1% saving and efficiency target in this year's budget to cover transformative internal projects to deliver long-term efficiencies such as AI and a new enterprise system. Again we will continue to ensure core funding allocations to our services and key infrastructure exceeding our infrastructure and asset management plan settings to slowly improve the condition of our assets. New spending this year is focussed on a long-term "New Footpath Program" aimed at adding and completing footpath networks as towns expand over a 10 to 15-year investment timeframe. The priorities for this program will be main streets, schools, medical facilities and general connectivity in each township. The existing footpath network, general buildings maintenance and road infrastructure also have funding increases. There is also growth in new properties revenue of 2.11%. Rural ratepayers' rates will receive an increase that is 50% lower, with the prior two years receiving a zero general rate increase, due to another tough drought year on the land and this can be afforded without shifting the rate burden significantly due to the amount of new growth and the savings and efficiency target incorporated into the budget to contain spending growth.

Highlights within our 2026-27 budget include:

Transport, stormwater, bridges, footpath infrastructure and equipment core investment of \$9.537m (not including carried over projects from 2025-26) consisting of:

- \$2.255m for maintenance of road, bridge, footpath, kerbing assets and road vegetation and tree management.
- \$1m to commence a two-year redevelopment of stormwater, footpath and Yettie Road subject to a successful road grant application.
- \$2.976m for renewal and upgrading of roads being road resheeting, resealing and replacement of existing footpaths assets.
- \$1.407m for the replacement and upgrading of the Moss Smith Road Bridge and approaches and a further \$125,000 for Pimpala Road culvert replacement.
- \$1.644m for plant and equipment with a new grader (the first of three for this and the next two years) and street sweeper being the two largest purchases.
- \$255k in the first year of the new footpath program growing to a base by year 10 of \$700k per annum; with allocations in the financial plan during this period totalling \$3.728m.
- \$11.849m in project funding under The Big Project for the Barossa Creative Industries Centre, with \$6.9m funded by the Commonwealth and a further \$500,000 from the State, the majority of this being funding carried forward from 2025-26.
- Funding of \$80k to commence designing a new depot and location assessment in readiness for Concordia and general expansion and utilisation of land to assist housing supply.
- Funding of \$130k design work for two significant wastewater management systems at Nuriootpa and Lyndoch for delivery in the next 5 years to address growth.
- Other building and general projects are \$200k for Murray Recreation Park facilities and pavilion upgrade; \$325k provision for Mount Pleasant Talunga Park oval and equestrian upgrades with the recent decision of Council choosing a lesser service intervention. This will require a reassessment of this budget early in the financial year; and funding to plan upgrades to Sandy Creek Recreation Park targeted for implementation in 2027-28 and 2028-29; \$100k for cabin upgrades at the Nuriootpa Centennial Park Caravan Park.

Other key direct investments in maintenance and service provision of note are:

- Management of halls, gallery and community facilities \$744,000
- Sport and recreation parks and facilities and pools \$2.657m
- Parks, gardens, playgrounds and open space \$1.471m
- Community Wastewater Management Systems \$1.743m
- Library services and facilities \$1.611m
- Caravan parks \$1.189m
- Waste management \$3.310m
- Economic development, events, tourism, and assisting local business \$950,000
- Community transport, home assistance, Barossa Gallery and general community programs \$2.162m.

Subject to funding support through grants and third parties Redevelopment of the Nuriootpa Centennial Park netball and tennis courts \$920,000 for design in 2026-27 and delivery in 2027-28.

The Annual Business Plan and Budget incorporating the annual review of the Long-Term Financial Plan is available on our website and at the Customer Support desk at our principal office located at 43-51 Tanunda Road, Nuriootpa.

Version	Status	Date
Version 1	Adopted for public consultation	13 May 2026
Version 2	Adoption	24 June 2026

our VISION

To create a vibrant and growing community where people support one another and come together to have fun and foster a sense of belonging, community spirit and connection to the Barossa.

Our MISSION

Our mission as shared custodians of the Barossa is to cultivate an identity that celebrates diversity, embraces inclusivity and promotes a prosperous future. We strive to be prepared and take a planned and thoughtful approach to building our future, one that is welcoming to all.

Our VALUES

Pride

We take pride in building strong communities in alignment with our environmental, social and governance framework.

Courageous Leadership

We value courageous leadership by being visionary, bold and innovative and taking proactive and positive action.

Community Spirit

We value our people and their cultural heritage, our landscapes and vistas, our food and wine, and our unique character.

Inclusiveness

We value diversity of people, inclusion, accessibility, and tolerance.

Our BAROSSA

The Barossa is a rich and diverse region and home to the internationally renowned Barossa wine region.

Prior to European settlement, the Barossa region was inhabited by the Peramangk, Ngadjuri and Kurna people. Colonel William Light first visited the area in 1837, naming the Barossa Range from which the region derives its name. The settlement of the Barossa region began in 1840, with settlers originating from the British Isles, Prussia and Silesia. Lyndoch was the first township to be settled in 1837.

Early farmers of the Barossa established vineyards in the 1840s and 1850s to supplement their primary activities of wool and livestock production and crop farming. In the late 1880s and 1890s there were substantial increases in the production of wine in the region which resulted in the establishment and subsequent expansion of a number of cellars. The wine industry has continued to grow from these early beginning and is the major source of income for the region, with the cultural landscape of present-day Barossa being reflective of the influence of the early British and German settler's influence.

The tourism industry has become a major focus for the continued development of the region with the Barossa acknowledged as one of the five most recognised wine regions in the world.

The Barossa Council was originally formed in 1996 after the amalgamation of the District Councils of Barossa, Tanunda and Angaston. The majority of the District Council of Mount Pleasant was later amalgamated in 1997. The Council covers an area of approximately 893 square kilometres, is located approximately 70 kilometres north-east of Adelaide, adjacent to the town of Gawler, and is home to a population of 23,558 people.

Organisational STRUCTURE

OVERVIEW

Net Rate and Service Revenue	\$44.353m
Other Operating Revenue	\$13.053m
Operating Expenditure	\$58.148m
Net Operating Position Surplus / (Deficit)	(\$0.742m)
Capital Income	\$6.690m
Capital Expenditure (assumes 100% delivery achieved including carried forward projects)	\$31.487m
Capital Expenditure (projects underway and carried forward funds from 2025-26)	\$5.556m
New borrowings required	\$11.600m
(\$9.000m not required in 2025-26)	

The **Annual Business Plan and Budget** is The Barossa Council's statement of intended programs and outcomes for the coming financial year. This Plan has been developed through a rigorous process of consultation and review with Council Officers and Elected Members and follows the **Business Planning Framework** outlined in the Strategic Directions area of this document. It includes both continuing services, programs, and follows the strategic directions outlined in Council's Community Plan 2024 - 2044, the Long-Term Financial Plan (LTFP) – (the annual review is included in this document) and the Long-Term Infrastructure and Asset Management Plan.

The Barossa Council acts as custodian of approximately \$500m of infrastructure and other assets. This presents Council with a number of complexities, including how to allocate resources in order to satisfy community demands for new and expanded services, whilst ensuring appropriate resources are provided for maintenance and future replacement of existing community assets.

Council is committed to ensuring that the wide variety of services and activities it provides to the community reflect financial sustainability. The key measure of financial sustainability is ensuring operating expenditure (inclusive of depreciation) is fully funded from recurrent operating revenue streams. This means that Council should generally have sufficient recurrent revenue funds generated over the long-term financial plan to finance the programmed replacement of existing community assets at the end of their useful lives where services remain required. Refer to the section Financial Sustainability for details for this plan's forecast results.

2026-27 AVERAGE GENERAL RATE AND SERVICE CHARGES SUMMARY

General Rate (Excl. Growth)	Net Revenue Increase	3.43%
Commercial Bin Upgrade	Service Charge Increase	\$8.00
Refuse, Recycling and Green Organics	Service Charge Increase	\$6.50
CWMS - Residential	Service Charge Increase	\$9.85
CWMS – Vacant Land	Service Charge Increase	\$6.00
CWMS – Commercial	Service Rate Increase	\$18.37
Landscape Levy (collected on behalf of the State Government)	Service Rate Increase	\$0.81

Underlying Assumptions

- General Rate and Service Charge revenue increase on existing ratepayers to ensure Council is sustainable; indexation above includes revenue from growth but not increases in service numbers for Waste and CWMS.
- All other income and expenditure has been increased in line with the current cost for providing those services and consideration of Council's LTFP.
- Staffing costs increase in line with existing contracts, Enterprise Bargaining Agreements, Superannuation and current Legislation.
- The Consumer Price Index for Adelaide all groups is 4.9% as at the March 2026 quarter.
- Operating costs have been estimated from current known escalation costs, trends in costs associated with service delivery and contractual commitments.
- Increase in enterprise agreement costs average 4.5%.
- Servicing of borrowings will increase over the next 3 years to support infrastructure build.

Key Features

A comprehensive capital works program of \$31.487m which includes \$5.556m in carried over projects from the 2025-26 financial year.

Highlights within our 2026-27 budget excluding carried over projects (net new spend):

- Transport, stormwater, bridges, footpath infrastructure and equipment core investment of \$9.537m
- \$11.849m in project funding under The Big Project for the Barossa Creative Industries Centre, with \$6.9m funded by the Commonwealth and a further \$500,000 from the State
- Funding of \$80k to commence designing a new depot and location assessment in readiness for Concordia and general expansion and utilisation of land to assist housing supply
- Funding of \$130k design work for two significant wastewater management systems at Nuriootpa and Lyndoch for delivery in the next 5 years to address growth.
- Other building and general projects are \$200k for Murray Recreation Park facilities and pavilion upgrade
- \$325k provision for Mount Pleasant Talunga Park oval and equestrian upgrades with the recent decision of Council choosing a lesser service intervention. This will require a reassessment of this budget early in the financial year
- Funding to plan upgrades to Sandy Creek Recreation Park targeted for implementation in 2027-28 and 2028-29
- \$100k for cabin upgrades at the Nuriootpa Centennial Park Caravan Park.
- \$100k for sealing of the Tanunda Bowling Club car park
- \$10k to match funds from Barossa Valley Hockey Association to consider masterplan changes at Stockwell Recreation Park

Other key operational services provision are:

- Management of halls, gallery and community facilities \$744,000
- Sport and recreation parks and facilities and pools \$2.657m
- Parks, gardens, playgrounds and open space \$1.471m
- Community Wastewater Management Systems \$1.743m
- Library services and facilities \$1.611m
- Caravan parks \$1.189m
- Waste management \$3.310m
- Economic development, events, tourism, and assisting to local business \$950,000
- Community transport, home assistance, Barossa Gallery and general community programs \$2.162m.

STRATEGIC Directions

The Barossa Council's Community Plan 2024-2044 was adopted by Council on 20 August 2024. The Community Plan is an aspirational document and cornerstone for future investment. It will guide future decision making over the next 20 years through the delivery of highlighted strategies and targets. The Community Plan shows commitment to the values of:

Pride

**Courageous
Leadership**

**Community
Spirit**

Inclusiveness

The Community Plan is based on the Environment Social and Governance framework and focusses strategic decision making and operational delivery on 5 key pillars:

- 1 **Our Community**
- 2 **Our Economy**
- 3 **Our Environment**
- 4 **Our Places**
- 5 **Our Council**

The Corporate Plan of Council gives effect to the Community Plan aspirations through strategic actions and business as usual activities and is reviewed annually.

The Annual Business Plan and Budget outlines the annual program that delivers upon the Community and Corporate Plan and their strategies as outlined in the following tables.

Our Community

Creating a safe and connected community where people have access to sustainable services and service levels and infrastructure they need and feel a sense of belonging.

Strategic Outcome	Role
Our community is welcoming, vibrant and safe.	Leader Provider/Regulator Advocate Facilitator/Partner
Our services and facilities are accessible.	Leader Provider/Regulator
We have a healthy respect for our diversity, character and history and are welcoming and supportive of all people.	Leader Provider/Regulator Advocate Facilitator/Partner
We support and advocate for sound planning and community outcomes in the implementation of the Concordia development in alignment with Councils vision, mission and principles for this development.	Leader Provider/Regulator Advocate Facilitator/Partner

Our Economy

Implementing economic development strategies to support future growth opportunities and a diversified and resilient economy showcasing the Barossa rural and regional character.

Strategic Outcome	Role
We strive to support income and job stability and growth for the future in support of quality-of-life outcomes.	Leader Provider/Regulator Advocate Facilitator/Partner
We partner with and support local business.	Leader Provider/Regulator
We are a destination of choice.	Leader Provider/Regulator Advocate Facilitator/Partner
We look to maximize community economic return	Leader Provider/Regulator Advocate Facilitator/Partner

Our Environment

Supporting a sustainable Barossa.

Strategic Outcome	Role
We support actions that manage our environment for future generations.	Leader Provider/Regulator Advocate Facilitator/Partner
We sustainably manage our resources and encourage sustainable practices.	Leader Provider/Regulator Advocate Facilitator/Partner

Our Places

Our places and spaces enhance the liveability, retain rural and regional character and diversity of our communities.

Strategic Outcome	Role

We deliver a quality customer experience based on a willingness to innovate and drive change.	Leader Provider/Regulator
We are financially sustainable and take a planned and long-term approach to investment.	Leader Provider/Regulator
We have sound asset management services.	Leader Provider/Regulator
We have strong relationships, and where appropriate, partner with our community, industries, stakeholders, the Local Government sector and Governments.	Leader Provider/Regulator
We have a safe, healthy, and resilient workforce.	Leader Provider/Regulator

BUSINESS PLANNING

Framework

Council's Business Planning Framework describes how the Community Plan and its Key Result Areas, their associated Objectives and the Strategies reach these Objectives and provide guidance to the preparation of other Council long term and operational plans. Council's long term and operational plans are listed below.

Corporate Plan

Outlines key corporate actions to support the Community Plan and performance targets over four years.

Long-Term Financial Plan

Provides financial directions for the next 10 years.

Long-Term Infrastructure and Asset Management Plan

Provides the strategic upgrade, replacement and renewal programs for Council assets and infrastructure.

Annual Business Plan and Budget

Provides the annual financial and operational plans, objectives and performance targets for Council.

Regional Public Health Plan

Provides a coordinated strategy across Council to the health and wellbeing of communities and helps inform decisions in both soft and hard infrastructure.

Local Economic Development Plan

Provides policy direction for the continued development of the Council area.

Quarterly Business Plan and Budget Reviews

Outlines financial performance against the Annual Business Plan and Budget.

Monthly Financial Reports

Regularly tracks the finances of Council.

Annual Report

Describes the performance of Council on objectives set in the Annual Business Plan and Budget, as well as disclosing statutory information regarding the status of Council and Council services.

JOINT VENTURES and Associated Entities

Nuriootpa Centennial Park Authority (NCPA)

Established as a subsidiary of Council pursuant to Section 42 of the *Local Government Act 1999*, the NCPA manages and maintains the Barossa Tourist Park and adjacent sporting and leisure facilities on behalf of Council.

The projected 2026-27 financial results for the NCPA are included within Council's financial statements contained within this document.

Northern and Yorke Local Government Association (NYLGA)

Established in 1998, this organisation is formed under Section 43 of the *Local Government Act 1999* and operates as a regional subsidiary of Councils included in the membership. An amount of \$13,400 is included in the budget for membership of the NYLGA.

Gawler River Floodplain Management Authority (GRFMA)

Established in 2002, this organisation is responsible for the construction, operation, and maintenance of flood mitigation infrastructure in the Gawler River catchment. An amount of \$47,783 is included for the operational and maintenance subscription for the 2026-27 financial year. Council had a share in the net assets of the GRFMA of \$4.585m as at 30 June 2025.

Service PROVISION

MacDonnell Street, Tanunda	\$18,750
Krondorf Road, Tanunda	\$18,750
Langmeil Road, Tanunda	\$18,750
Greenock Road Service Road	\$69,156
Old Kapunda Road, Nuriootpa	\$298,152
Nicolai Road, Bethany	\$172,551
Cundy Court, Williamstown	\$41,482
Gaston Court, Williamstown	\$48,569
Springton Road, Williamstown	\$100,000
Road resealing - unallocated	\$262,291
Road Construction / Reconstruction / Other	\$1,029,000
Yettie Road Reconstruction - subject to grant funding	\$1,000,000
Keyneton Road (carried forward from 2025-26)	\$12,000
Fife Street Angaston (carried forward from 2025-26)	\$17,000

Description	2026-27 Budget
Stormwater / Drainage / Kerbing	\$480,732
Pimpala Road, Cockatoo Valley	\$125,000
Calton Road Stormwater (carried forward from 2025-26)	\$227,767
Gramp Ave Angaston Kerbing (carried forward from 2025-26)	\$20,000
Murray Street Angaston Kerbing (carried forward from 2025-26)	\$18,000
Melrose Street Mt Pleasant Kerbing (carried forward from 2025-26)	\$52,000
Road Drain Langmeil Road Tanunda (carried forward from 2025-26)	\$27,965
Trial Hill Road - Stormwater Culvert (carried forward from 2025-26)	\$10,000
Bridges	\$1,510,943
Moss Smith Road Bridge (includes carried forward from 2025-26)	\$1,422,000
Springton Road Bridge (carried forward from 2025-26)	\$88,943
Community Wastewater Management System (CWMS)	\$2,195,900
Gravity Mains Asset Management	\$60,000
Williamstown Rising Mains and Infrastructure	\$250,000
Operation Emergency IP and Manhole Repairs/Replacement	\$30,000
Operation Emergency Drain Repairs	\$20,000
Stockwell and Lyndoch Design	\$130,000
Operation Construction of New IP	\$12,000
Gooden Drive - Pumps Stn (carried forward from 2025-26)	\$254,415
Gooden Drive - Rising Main Extension (carried forward from 2025-26)	\$254,878
Springton Wastewater Treatment Plant (carried forward from 2025-26)	\$251,850
Network Pump Stations (carried forward from 2025-26)	\$358,045
Nuriootpa Site 2 - Reuse - Pump Stn (carried forward from 2025-26)	\$73,868
Stockwell Wastewater Treatment Plant - Pump Balance 1 (carried forward from 2025-26)	\$240,000
Nuriootpa Wastewater Treatment Plant (carried forward from 2025-26)	\$254,616
CWMS Operation Capital renew (carried forward from 2025-26)	\$24,000
Water reuse infrastructure (carried forward from 2025-26)	\$42,228

Description	2026-27 Budget
Other	\$350,000
Lyndoch Library carpark reseal	\$40,000
Tanunda Bowling Club car park sealing	\$100,000
Barossa Bushgardens replacement of polytunnels	\$20,000
Birdwood to Mount Pleasant bike path link additional allocation (includes carried forward from 2025-26)	\$190,000
Project Management Costs for Capital Projects	\$719,269
Project Management Resourcing for Capital Delivery - Miscellaneous	\$671,866
Project Management Resourcing for Capital Delivery - CWMS	\$47,403
Corporate Services, Strategy and Innovation	\$170,025
Mobile Phone Fleet Replacement	\$25,647
Telecommunication Infrastructure (carried forward from 2025-26)	\$144,378
Nuriootpa Centennial Park Authority*	\$190,000
Cabin Renewal – 5 cabins	\$100,000
Pool sail	\$50,000
Telecommunications/WIFI Upgrade to Caravan Park	\$40,000
Total	\$31,487,323

* Please note a provision has been made for \$920,000 in the Nuriootpa tennis and netball club resurfacing and lighting upgrade and seeking grants, however due to timing is anticipated to be delivered in the 2027-28 year.

Disclaimer: Capital items are a target program and subject to variation, alterations and additions to this list may occur throughout the year.

2026-27 Grants, Contributions and Asset Sales

GRANTS, CONTRIBUTIONS AND ASSET SALES 2026-27

Description	2026-27 Budget
Capital Revenue Disclosed as Operating Revenue (Above the Line)	\$2,512,185
Road to Recovery Grant - Federal Government Grant	\$917,730
Barossa Creative Industries Centre - State and Federal Government Grants	\$1,256,003
Yettie Road Special Local Roads Grant (Pending application outcome)	\$330,000
Angas Recreational Park Light Upgrade Payments	\$8,452
Capital Revenue Disclosed as Revenue for New and Upgrade of Assets (Below the Line)	\$4,177,665
Barossa Creative Industries Centre - State and Federal Government Grants	\$3,382,590
Equipment Sales	\$465,075
Yettie Road Special Local Roads Grant (Pending application outcome)	\$330,000
Total	\$6,689,850

2026-27 OPERATING BUDGET

Council is budgeting total expenditure of \$76.917m in 2026-27 on the delivery of services and programs; maintenance of assets (excluding depreciation), renewed or new/upgraded assets and loan servicing. Estimated full cost attribution has been estimated in this plan. Council is budgeting to receive \$6.690m in additional grants and contributions for capital programs and sale of assets and therefore the net investment for Council is \$70.227m.

Operating Revenue

The 2026-27 Budget provides for total operating revenue of \$57.406m. Recurrent revenue streams of Council are:

\$m	%	Type	Description
\$44.353	77.26%	General Rates and Service Charges	General rates on properties as well as service rates (i.e. sewerage and refuse/recycling rates).
\$4.481	7.81%	User Charges set by Council	Charges for the Council's fee- based facilities and services such as caravan parks, swimming pools, community halls and facilities, cemeteries and refuse dump fees.
\$6.707	11.68%	Grants and Subsidies	Council seeks to attract as much grant funding as possible from other tiers of government and non- government organisations, thereby reducing the reliance on other revenue streams.
\$0.893	1.55%	Investment, Reimbursements and Other Income	Interest received on Council's deposits, reimbursements and other sundry income.
\$0.972	1.70%	Statutory Charges	Fees and charges set by State Government regulation and received by the Council for regulatory functions undertaken such as assessment of development and building applications, and dog control management.
\$57.406	100%	Total	

Operating Expenditure

The 2026-27 Budget provides for total operating expenditure of \$58.148m. Estimated full cost attribution has been applied - this is an allocation of internal services to external services and does not affect the overall net result. Recurrent expenditures incurred by Council are:

\$m	%	Type	Description
\$21.659	37.25%	Employee Benefits	All labour related expenses such as wages and salaries, and on-costs such as allowances, leave entitlements, workers compensation insurance and employer superannuation.
\$21.660	37.25%	Contractual Services, Materials and Other Expenses	Payments for external provision of services. Payments for physical goods such as water, fuel, energy, road materials, office consumables and administrative costs. Includes expenses not separately classified above such as other insurances, postage, telephone, government levies and contributions.
\$12.718	21.87%	Depreciation and Amortisation Charges	Annual consumption of Council's fixed assets (e.g. infrastructure, equipment, buildings, etc) over their useful lives and other assets such as computer systems.
\$2.111	3.63%	Finance Costs	Costs of financing Council's activities through borrowings.
\$58.148	100%	Total	

Council plans to raise a net sum of \$36.246m from general rates in 2026-27 (which includes revenue from growth in new properties of 2.11%). This amount excludes service charges (ie. charges relating to sewerage and refuse/recycling) and the State Government Landscape Board levy.

Council recognises that ratepayers would like increases to their rates to be as low as possible, however it is necessary to ensure that current services are properly funded and can continue to be delivered without significantly impacting standards or passing on a financial burden to future ratepayers, or cutting services utilised by the community. Current assets and infrastructure owned by Council deteriorate over time through wear and tear and must be replaced or renewed at appropriate intervals in order to prolong their lives and continue to deliver services to the community.

The increase in rate revenue will provide the necessary funding to meet the programmed upgrade, renewal and replacement plans and growth investments, as outlined in the Long-Term Infrastructure and Asset Management Plan, ensuring that existing services to the community will be maintained.

The indexation applied to general rate revenue is 3.43% plus 2.11% in additional revenue from new properties, this is above the target rate of revenue growth of 1.00%. Our number of property assessments has grown by 1.42%.

Council is aware of the impact of rates on ratepayers and is committed to providing and developing options to ease the rate burden through increasing its own efficiency and by providing those under financial hardship with appropriate alternatives to suit their circumstances.

Rating Policy

Section 147 of the *Local Government Act 1999* provides Council with the power to rate all land within The Barossa Council, except for land specifically exempted, such as Crown land and land occupied by Council.

Council is mindful of its responsibility to continually review its rating policy to ensure it is fair and equitable on its residents. The current Rating Policy is available for inspection at all Council branches and can be downloaded from Council's website at barossa.sa.gov.au.

Land Valuation Method

Council uses the capital value determined by the Office of the Valuer General as the basis for valuing land and calculating rates. Council considers that this method provides the fairest method of distributing the rate burden across all ratepayers.

The equity principle of taxation requires that ratepayers of similar wealth pay similar taxes and ratepayers of greater wealth pay more taxes than ratepayers of lesser wealth.

Property value is a relatively good indicator of market value of a property, providing the fairest method of calculating rates.

The total rateable property valuations provided by the Office of the Valuer General as at 13 June 2026 was \$10,272,066,804, an increase of \$1,037.688m (11.24%) compared to the prior year.

The table below includes valuation movements within all of the Local Government Categories:

Local Government Category	Total Valuation Movement
Residential	14.91%
Commercial	6.80%
Industry – Light	-5.16%
Industry – Other	-2.65%
Primary Production	3.95%
Vacant Land	11.91%
Other	3.13%

How rates are calculated

Council applies differential general rates based on the land use of the property, as outlined in the Local Government Category and Land Use tables which are on the previous page.

Fixed Charge

As part of the general rates, Council applies a fixed charge component so that all rateable properties make a fixed contribution towards the cost of administering Council's activities. The fixed charge has increased from \$458 to \$477.70 per assessment.

State Government Levies

Council collects a regional landscape levy on behalf of the Northern and Yorke Landscape Board (the Board) on all rateable properties. In this capacity, Council is operating as a revenue collector for the State Government and does not retain the revenue or determine how it is spent. Further information is available from the Board. The Board has increased the amount payable by 2.4%, however through distribution of the levy, Council's contribution has increased by 2.9%, increasing the average levy by \$0.81 or 1.33% per rateable property.

Mandatory Rebates

Council is required under the *Local Government Act 1999* to rebate rates payable on some land. Specific provisions are made for land used for specific purposes, e.g. health services, public cemeteries and educational institutions and is estimated at \$626,786 for the financial year.

Service Rates & Charges

Council provides various prescribed services pursuant to Section 155 of the *Local Government Act 1999*, which includes community wastewater management systems, refuse collection and kerbside recycling service.

The cost of these services, including a component for future capital works where appropriate, is recovered from those ratepayers utilising the service. Council is budgeting to recover:

- 1 \$3.729m for the service rates and charge for providing community wastewater management systems.
- 2 \$3.499m for the service charges for providing refuse, recycling and green waste services.

Discretionary Rebates

Discretionary rebates may be applied by Council on land used for community purposes under Section 166 of the *Local Government Act 1999* and is estimated at \$183,539 for the financial year.

General Rate Capping

Council offers a rebate of general rates (excluding the fixed charge) on the principal place of residence of a principal ratepayer where the increase in general rates levied upon a property exceeds the 2025-26 general rates levied by more than:

- 7.5% - for ratepayers on fixed government incomes
- 15% - for all other ratepayers.

Rate rebate, remission, relief and capping application forms with other eligibility criteria are available on-line on Council's website barossa.sa.gov.au, from Council's Principal Office or any branch office.

Concessions and Postponement

In order to support ratepayers who are in receipt of fixed incomes or are on low incomes, there are concessions available provided eligibility criteria are met. The 'Cost of Living Concession Payment' is paid directly to eligible concession holders by the State Government and the concession for Community Wastewater Management System (CWMS), is also paid directly by the State Government. The Department of Human Services administer all State concessions and Council has no part in approving or providing these concessions.

In accordance with the *Local Government Act 1999*, persons who hold a Seniors Card may apply to postpone payment for any amount in excess of \$500 (\$125 per quarter) for their principal place of residence.

Council encourages ratepayers who are experiencing difficulties in paying rates to contact Council to discuss support that may be available to alleviate any financial hardship. Council treats such enquiries confidentially.

Paying Rates

Council provides for quarterly payment of rates in September, December, March and June each year. Payments can be made via Council's website (barossa.sa.gov.au), B-Pay, Australia Post Billpay, by mail, allocated EFT payment or by cash/cheque/EFTPOS over the counter at the Nuriootpa or branch offices. If you would like to discuss alternative payment arrangements, please contact the Council.

Service Charges

The adopted LTFP included an increase for Waste and CWMS service charges to ensure cost recovery and the service charge increase is rounded to the nearest dollar.

CWMS Services

The Residential CWMS Service charge will increase from last year at \$403.40 to \$413.25. The Non-Residential CWMS service rate for each of the townships increases from \$0.0009445 per dollar of the property valuation to \$0.000957. An annual charge for vacant allotments has been increased from \$129 to \$135 for all other vacant allotments where a CWMS connection fee has been paid but no wastewater is being discharged. Total capital expenditure for CWMS is estimated at \$502,000 not including carried over projects from the 2025-26 financial year.

Waste Services

Overall, the refuse, recycling and green organics collection service charge has been increased from last year at \$284.30 to \$290.80 per annum. The 140L Refuse Bin has increased from last year at \$137.20 to \$142.70. Recycling has increased from last year at \$72.70 to \$73.50 while Green Organics increases from \$74.40 to \$74.60. The refuse collection service rate for 240L bins, available to commercial premises to upsize to 240L, has increased from last year at \$178 to \$185. The service charges are based on cost increases for collection and disposal.

Impact on Ratepayers

The Annual Business Plan and Budget for 2026-27 budgets for general rate revenue increases excluding growth of 3.43%. Growth from new assessments in value of rate revenue is 2.11%, above the 1.0% revenue growth target, with the additional properties growing by 1.42%.

The average change per rateable property for general rates across all categories of land use is \$104.80 per annum or \$2.02 per week. Depending on the other services received by ratepayers, service charges will differ. In summary the following table provides the impact of service changes or service rates.

Typical Service Mixes	Ave Annual Amount	Ave Weekly Amount
Residential / Rural Living – receiving full waste and CWMS services	\$16.35	\$0.31
Residential / Rural Living Vacant Land – no waste service but access to CWMS available	\$6.00	\$0.12
Commercial – receiving full waste and CWMS services	\$24.87	\$0.48
Industry – receiving full waste and CWMS services	\$24.87	\$0.48
Industry – receiving full waste service and no CWMS service	\$6.50	\$0.13
Rural – receiving full waste service and no CWMS service	\$6.50	\$0.13
Rural – receiving general and recycle waste and no CWMS	\$6.30	\$0.12

For more information on the rate revenue increases please refer to the LTFP section in this document.

The information on the following pages incorporates the overall rating and its impact using average valuations; rate changes for individual assessments will vary from these amounts. Further information is provided in the following tables.

Statement on Expected Rate Revenue

Please note: These figures represent a considered estimate of Expected Rate Revenue based on the most current information.

EXPECTED RATES REVENUE

General Rates Revenue	2025/26 (as adopted)	2026/27 (estimated)		Change	Comments
General Rates (existing properties)	\$34,937,324	\$36,137,339	(a)	3.43%	
General Rates (new properties)		\$735,756	(b)	2.11%	
General Rates (GROSS)	\$34,937,324	\$36,873,095	(c)		
Less: Mandatory Rebates	(\$598,562)	(\$626,786)	(d)		
General Rates (NET)	\$34,338,762	\$36,246,309	(e)	5.56%	
	(e)=(c)+(d)				
Other Rates (inc. service charges)					
Regional Landscape Levy	\$828,505	\$852,292	(f)		The Regional Landscape Levy is a State tax, it is not retained by council.
Waste collection	\$3,348,755	\$3,499,390	(g)		Increased costs of contract and disposal and general operations.
CWMS	\$3,560,699	\$3,729,082	(h)		Increased costs of general costs and general operations.
	\$42,076,722	\$44,327,073			
Less: Discretionary Rebates	(\$175,725)	(\$183,539)	(i)		
Expected Total Rates Revenue	\$41,900,997	\$44,143,534	(j)	5.35%	
	(m)=(e)+(g)+(h)+(i)				

ESTIMATED GROWTH IN NUMBER OF RATEABLE PROPERTIES

	2025/26 (as adopted)	2026/27 (estimated)	Change	Comments
Number of rateable properties	13,639	13,832	(k) 1.42%	
	Actual	Estimate		

'Growth' is defined in the regulations as where new properties have been created which has added rateable properties to council's ratepayer base. Growth can also increase the need and expenditure related to infrastructure, services and programs which support these properties and residents.

ESTIMATED AVERAGE GENERAL RATES PER RATEABLE PROPERTY

	2025/26 (as adopted)	2026/27 (estimated)	Change	Comments
Average per rateable property	\$2,562	\$2,666	(I) 4.07%	

ESTIMATED AVERAGE RATES AND SERVICE CHARGES FOR RESIDENT RECEIVING ALL SERVICES

	2025/26 (as adopted)	2026/27 (estimated)	Change	Comments
Average per rateable property	\$3,129	\$3,250	3.87%	

Councils use property valuations to calculate each rateable property's contribution to the required rate revenue total. Councils do not automatically receive more money because property values increase but this may alter how rates are apportioned (or divided) across each ratepayer (ie. some people may pay more or less rates, this is dependent on the change in value of their property relative to the overall valuation changes across the council area). The total General Rates paid by all rateable properties will equal the amount adopted in the budget.

Notes

(d) Councils are required under the *Local Government Act* to provide a rebate to qualifying properties under a number of categories:

Health Services - 100%
Community Services - 75%
Religious purposes - 100%
Public Cemeteries - 100%
Royal Zoological Society of SA - 100%
Educational purposes - 75%

(e) Presented as required by the *Local Government (Financial Management) Regulations 2011* reg 6(1)(ea). **Please Note:** The percentage figure in (e) relates to the change in the total amount of General Rates revenue to be collected from all rateable properties, not from individual rateable properties (ie. individual rates will not necessarily change by this figure).

(f) Councils are required under the *Landscape South Australia Act 2019* to collect the levy on all rateable properties on behalf of the State Government. The levy helps to fund the operations of regional landscape boards who have responsibility for the management of the State's natural resources.

(h) Community Wastewater Management Systems

(i) A council **may** grant a rebate of rates or service charges in a number of circumstances. The rates which are foregone via Discretionary Rebates are redistributed across the ratepayer base (ie. all other ratepayers are subsidising the rates contribution for those properties who receive the rebate).

(j) Expected Total Rates Revenue excludes other charges such as penalties for late payment and legal and other costs recovered.

(k) 'Growth' as defined in the *Local Government (Financial Management) Regulations 2011* reg 6(2)

EXPECTED RATES REVENUE (EXCLUDING FIXED CHARGE)

Land Use (General Rates- GROSS)	Total expected revenue			No. of rateable properties		Average per rateable property			Cents in the \$	
	2025/26	2026/27	Change	2025/26	2026/27	2025/26	2026/27	Change	2026/27	
Residential	\$15,408,903	\$16,510,306	7.1%	9987	10192	\$1,543	\$1,620	(p)	\$77	0.0023638
Commercial - Shop	\$769,039	\$775,878	0.9%	254	256	\$3,028	\$3,031	(p)	\$3	0.0042810
Commercial - Office	\$167,380	\$158,651	-5.2%	73	71	\$2,293	\$2,235	(p)	-\$58	0.0042810
Commercial - Other	\$1,519,305	\$1,655,876	9.0%	356	360	\$4,268	\$4,600	(p)	\$332	0.0042810
Industry - Light	\$118,094	\$118,658	0.5%	47	45	\$2,513	\$2,637	(p)	\$124	0.0049700
Industry - Other	\$4,453,460	\$4,678,468	5.1%	91	93	\$48,939	\$50,306	(p)	\$1,367	0.0169000
Primary Production	\$5,108,050	\$5,148,860	0.8%	2163	2158	\$2,362	\$2,386	(p)	\$24	0.0024350
Vacant Land	\$938,795	\$974,353	3.8%	527	515	\$1,781	\$1,892	(p)	\$111	0.0055810
Other	\$414,792	\$440,834	6.3%	141	142	\$2,942	\$3,104	(p)	\$163	0.0047650
Total Land Use	\$28,897,818	\$30,461,883	5.4%	13,639	13,832	\$2,119	\$2,202	(p)	\$84	

The above information is general rates only for each Land Use. Note: a rate notice also includes the fixed charge, Landscape Levy and where relevant service charges. Service charges include Waste Services for Refuse, Recycling and Green Organics and Community Wastewater Management Systems (CWMS).

FIXED CHARGE

	Total expected revenue			Charge		
	2025/26	2026/27	Change	2025/26	2026/27	Change
Fixed Charge	\$6,031,402	\$6,411,212	6.3%	\$458.00	\$477.70	(q) \$19.70

This revenue amount is included in the General Rates GROSS figure at (c) and includes \$144,265.40 of growth from new properties.

Notes

(p) Average per rateable property calculated as General Rates for category, including any fixed charge or minimum rate (if applicable) but excluding any separate rates, divided by number of rateable properties within that category in the relevant financial year.

(q) A fixed charge can be levied against the whole of an allotment (including land under a separate lease or licence) and only one fixed charge can be levied against two or more pieces of adjoining land (whether intercepted by a road or not) if they are owned by the same owner and occupied by the same occupier. Also if two or more pieces of rateable land within the area of the council constitute a single farm enterprise, only one fixed charge may be imposed against the whole of the land.

ADOPTED VALUATION METHOD

Capital Value/Annual Value

Council has the option of adopting one of three valuation methodologies to assess the properties in its area for rating purposes:

- **Capital Value** – the value of the land and all improvements on the land; or
- **Annual Value** – a valuation of the rental potential of the property.

Council uses the capital value determined by the State Valuation Office as the basis for valuing land and calculating rates. Council considers that this method provides the fairest method of distributing the rate burden across all ratepayers on the following basis:

- The equity principle of taxation requires that ratepayers of similar wealth pay similar taxes and ratepayers of greater wealth pay more taxes than ratepayers of lesser wealth;
- Property value is a relatively good indicator of market value of a property, providing the fairest method of calculating rates.

PERFORMANCE

Measures

Measuring and monitoring performance is important to ensure our objectives are achieved and services are delivered to our community. Council monitors financial performance through its Business Planning Framework (refer also to the section on “Strategic Directions”). This includes:

Monthly Financial Reports

which regularly track Council finances;

Quarterly Budget Reviews which outline financial performance against the Annual Business Plan and Budget;

Audited Financial Statements which are included in the Annual Report as required under the *Local Government Act 1999*;

The Annual Report which describes the performance of Council on objectives set in the Annual Business Plan and Budget;

Council's Community Plan 2024-2044 includes the long-term objectives and strategies Council is striving to achieve. The Community and Corporate plans are used to form the Annual Business Plan and Budget.

To provide advice and recommendations on financial and governance matters, Council has appointed an **Audit and Risk Committee** which is made up of independent members with qualifications and experience in related disciplines.

Key Performance Indicators

Council has a number of financial Key Performance Indicators (KPIs) which measure the impact of the annual budget on Council's financial position. Each of these indicators, together with associated comments, is outlined below:

INDICATOR LEGEND

Target Not Met	Target At Risk	Target Met
		

Forecast is the quarter 3 (Q3) budget update as at 31 March 2026, adopted by Council at the February meeting. Material financial information received since that time has been included.

Individual years are shown within the LTFP section in this document, including a rolling 3-year period on selected KPIs.

KEY PERFORMANCE INDICATOR 1: OPERATING RESULT (\$'000)

Council's target is to achieve a cumulative operating break-even position or better, over any ten-year period. The operating result for 2026-27 is forecast to be a deficit of \$742,000. The cumulative ten-year period operating surplus is forecast to be \$15.483m - for more information refer to the LTFP section within this plan.

The 2023-24, 2024-25 and 2025-26 figures have been adjusted for early financial assistance grant payments received in June 2023 (for 2023-24) and June 2025 (for 2025-26), which impact the operating surpluses for 2023-24, 2024-25 and 2025-26. This indicator has therefore been adjusted in those years to reflect the true underlying result.

Year	2023-24 Actual \$'000	2024-25 Actual \$'000	2025-26 Forecast \$'000	2026-27 Budget \$'000
Result	(\$1,139)	\$493	(\$2,081)	(\$742)
Underlying Result	\$947	(\$1,279)	(\$709)	
Status	↑	↑	→	↑
Underlying Status	↑	↑	↑	

KEY PERFORMANCE INDICATOR 2: OPERATING SURPLUS/(DEFICIT) RATIO

Expresses the projected operating surplus/(deficit) result as a percentage of total operating revenue. Council has set a target to achieve an annual operating surplus ratio of between -4% to 10%. The 2026-27 budgeted ratio is forecast to be -1.3%, which is within Council's target.

The 2023-24, 2024-25 and 2025-26 figures have been adjusted for early financial assistance grant payments received in June 2023 (for 2023-24) and June 2025 (for 2025-26), which impact the operating surpluses for 2023-24, 2024-25 and 2025-26. This indicator has therefore been adjusted in those years to reflect the true underlying result.

Year	2023-24 Actual %	2024-25 Actual %	2025-26 Forecast %	2026-27 Budget %
Result	(2.5%)	0.9%	(3.9%)	(1.3%)
Underlying Result	2.0%	(2.5%)	(1.3%)	
Status	↑	↑	→	↑
Underlying Status	↑	↑	↑	

KEY PERFORMANCE INDICATOR 3-1: NET FINANCIAL LIABILITIES (\$'000)

Council has set a target for Council's level of net financial liabilities to be no greater than its annual operating revenue and not less than zero. Net financial liabilities in 2026-27 is budgeted to be \$49.791m, which is below budgeted total revenue of \$57.406m.

Year	2023-24 Actual \$'000	2024-25 Actual \$'000	2025-26 Forecast \$'000	2026-27 Budget \$'000
Result	\$17,169	\$37,385	\$35,986	\$49,791
Underlying Result	\$16,705	\$40,916	\$34,614	
Status				
Underlying Status				

KEY PERFORMANCE INDICATOR 3-2: NET FINANCIAL LIABILITIES RATIO

Expresses the projected net financial liabilities as a percentage of total operating revenue for each year. It is Council policy (and industry best practice) that this ratio shall not exceed 100%. Council has set the target that if a net financial liabilities ratio is greater than zero but less than 100% of total operating revenue, the target is met.

The 2023-24, 2024-25 and 2025-26 figures have been adjusted for early financial assistance grant payments received in June 2023 (for 2023-24) and June 2025 (for 2025-26), which impact the total operating income for 2023-24, 2024-25 and 2025-26. This indicator has therefore been adjusted in those years to reflect the true underlying result.

Year	2023-24 Actual %	2024-25 Actual %	2025-26 Forecast %	2026-27 Budget %
Result	37%	71%	68%	87%
Underlying Result	36%	76%	63.8%	
Status				
Underlying Status				

KEY PERFORMANCE INDICATOR 4: ASSET RENEWAL FUNDING RATIO

Expresses the rate by which assets are wearing out and being replaced by comparing capital outlays on renewal/replacement to the Infrastructure Asset Management Plans. Council has set the following target: Capital outlays on renewing/replacing assets net of proceeds from sale of replaced assets is greater than 80% but less than 110% of Infrastructure Asset Management Plans. A substantial amount of 'Upgraded' asset work completed each year is partly renewing components of existing assets. The calculation to compile this ratio does not include any upgrade costs as it is not considered 'renewal/replacement'. This is then effectively understating the expenditure for asset replacement, and the ratio is not then reflecting the true actual net asset renewals. It is expected the renewal spend information will be more accurate when the four-year review of the IAMPs is undertaken and the improvement plans from that work provides these projections per annum. This target is budgeted to be exceeded in 2026-27.

Year	2023-24 Actual %	2024-25 Actual %	2025-26 Forecast %	2026-27 Budget %
Result	123%	84%	97.0%	138.5%
Status	↑	↑	↑	↑

Non-Financial Performance Measures

Council continues to review its Key Performance Indicators (KPIs) to improve the measurement of performance. This is part of Council's Community Plan, as well as continuous improvement initiatives related to Council's Business Planning Framework. Indicators measuring the performance of Council in relation to the Annual Business Plan are shown below.

They provide information with regards to Council's capacity to effectively deliver services to our community and the targets Council intends to meet. Council's performance against these indicators is then reported in the Annual Report each year.

Indicator	Description	Target
Our Community		
Library Visits	The number of library visits and participation within the Barossa Council Area	5 visits per capita
Mutual Liability Claims	Number of successful Mutual Liability Claims against Council	3 or less per annum
Customer Request Completion Rate	Number of completed customer requests	90%
Community Support Program - Transport	Number of outputs - one way trips	Minimum 4,477
Community Support Program - Domestic Assistance	Number of outputs - hours	Minimum 3,058
Community Support Program - Home Maintenance and Repairs	Number of outputs - hours	Minimum 3,509
Community Support Program - Sector Support and Development	Activity Work Plan	Completed
Community Support Program - Group Social Support	Number of outputs - hours	Minimum 5,646
Community Support Program - Individual Social Support	Number of outputs - hours	Minimum 260

Indicator	Description	Target
Our Economy		
Tourism Customer Satisfaction with Visitor Information Services	Average Customer Satisfaction Rating	4 or above
Visitor Information Centre Bookings	Annual Booking Revenue (Accommodation/Tours/Tickets)	100% of Budget
Events	At least three key regional, state or national events hosted annually	3 or above
Our Environment		
Waste Disposal Rate	Percentage of waste disposed to landfill	Less than 65%
Recycling Rate	Percentage of waste recycled	More than 35%
Our Places		
Development Performance	Percentage of development applications determined within statutory timeframes	90%
Asset Spending Ratio	Ratio of asset expenditure on renewal, replacement and upgraded assets and maintenance on assets	Between 100% and 150% of Depreciation
Our Council		
LGA KPI Audit Action Plan	Percentage of KPI Audit Actions Complete	90%
LGA Risk Review	Percentage risk review conformance	90%
Operating Delivery	Actual Operating Expenditure as a Percentage of Budgeted Operating Expenditure	95%
Capital Program Delivery	Actual Capital Expenditure as a Percentage of Budgeted Capital Expenditure	92%

1 Executive summary

1.1 Summary of observations

The Essential Services Commission of South Australia (**Commission**) finds The Barossa Council's current financial position to be **sustainable**. The Barossa Council faces low risks in achieving its operating surplus and effectively managing its assets over the forecast period. It has a strong and demonstrated focus on transparency, community consultation and agile service delivery.

The Barossa Council has managed its operating surplus conservatively during the 10-year Historical Period (from 2014-15 to 2023-24), achieving an average operating surplus ratio of 3.8 percent. It has forecast an operating surplus ratio for the period from 2025-26 through to 2034-35 of 2.1 percent per annum on average, which is lower than the historical result but reflective of its planned capital program.

Rates are the main source of income for The Barossa Council over both the Historical Period and the Forecast Period (from 2025-26 through to 2034-35), and they are increasing from 78.3 percent to 80.9 percent as a percentage of total income. Growth in the number of rateable properties is forecast to be modest at 0.8 percent, originating from small scale development. The Commission notes that the Council's forecasts exclude the Concordia development pending formal resolution of boundary reform proposals. The forecast Net Financial Liabilities Ratio is an average of 50.8 percent due to borrowing for 'The Big Project' (a 35-year project for key infrastructure assets delivered in phases). The Council plans to repay loans rapidly but could consider a slower repayment pace with commensurate spreading of rates revenue, to improve intergenerational equity.

The Barossa Council is taking a pro-active approach to managing its assets and has been transparent with the Commission and other stakeholders via its strategic documents about its governance and asset management practices. It has an ambitious capital program that was established in consultation with the Community and will cost an average of \$3.5 million per annum on new assets. This expenditure will not impact forecast capital spending of \$9.9 million per annum on renewal of existing assets.

1.2 Summary of recommendations

The Council has a range of sound practices in its strategic planning and asset management, including:

- ▶ reviewing expenditure regularly and consulting the community on priorities
- ▶ its approach to project planning that includes obtaining and publishing prudential reports
- ▶ aligning its Infrastructure and Asset Management Plan with its Long-Term Financial Plan and Annual Budgets, and
- ▶ its governance processes around new infrastructure projects.

To further strengthen the Council's sustainability, the Commission recommends that the Council:

1. **Consider** its pace of repayment of debt for 'The Big Project' to balance financial costs and intergenerational equity.
2. **Update** the condition data for all asset classes and ensure that asset useful lives are reviewed annually.
3. **Clarify underlying assumptions and include** summary information on asset condition within the Infrastructure and Asset Management Plan to improve transparency.
4. **Update** all strategic plans to reflect the impact of the Concordia Development at the earliest opportunity.

2 About the advice

2.1 Background

The State Parliament has tasked the Commission, South Australia's independent economic regulator and advisory body, to provide advice on material changes proposed by local councils in relation to elements of their Strategic Management Plans (SMP), and on the proposed revenue sources, including rates, which underpin those plans.¹

A primary purpose of the Local Government Advice Scheme (**Advice or the Scheme**) is to support councils to make financially sustainable strategic decisions in their annual business plans and budgets, in the context of their Long-Term Financial Plans (LTFP) and Infrastructure and Asset Management Plans (IAMP).² IAMPs are commonly referred to as Asset Management Plans (AMP). The LTFP and the IAMP are both required as part of a council's SMP.³ Financial sustainability encompasses intergenerational equity,⁴ program (service level) and rates stability in this context.⁵ The other main purpose is for the Commission to consider ratepayer contributions in the context of all revenue sources, as outlined in the LTFP.⁶ In addition, the Commission has discretion to provide advice on any other aspect of a council's LTFP or IAMP it considers appropriate, having regard to the circumstances of that council.⁷

The first cycle of the scheme extends over four years from 2022-23 to 2025-26. The Commission has selected 19 councils for advice in the fourth year (2025-26) of the Scheme, including The Barossa Council.

This report provides the Local Government Advice for the Council in 2025-26.

The Council is obliged under the *Local Government Act 1999* (**LG Act**) to publish this advice and its response, if applicable, in its 2026-27 Annual Business Plan (including any draft Annual Business Plan) and in subsequent plans until the next cycle of the Scheme.⁸ Decision-making remains in the control of the Council.

The Commission thanks the Council for meeting with Commission staff and for providing information to assist the Commission in preparing this advice.

2.2 The Commission's approach

In providing its Advice for the Council, the Commission has followed the approach set out in the Framework and Approach – Final Report (F&A).⁹

¹ Amendments to the LG Act (s122(1c) to (1k) and (9)) specify the responsibilities for the Commission and local councils for the Local Government Scheme Advice. The Commission must provide advice to each council in accordance with the matters outlined in s122(1e), (1f) and (1g).

² Commonly referred to as Asset Management Plans (**AMP**).

³ The objectives of the advice with reference to a council's LTFP and IAMP are presented under LG Act, s122(1g). LG Act s122(1) specifies the requirements of a council's SMP, including the LTFP and IAMP.

⁴ 'Intergenerational equity' relates to fairly sharing services and the revenue generated to fund the services between current and future ratepayers.

⁵ Commission, *Framework and Approach – Final Report*, August 2022, pp. 2-3, available at www.escosa.sa.gov.au/advice/advice-to-local-government.

⁶ LG Act s122(1f)(a) and (1g)(a)(ii).

⁷ LG Act s122(1f)(b) and (1g)(b).

⁸ LG Act s122(1h).

⁹ Commission, *Framework and Approach – Final Report*, August 2022, available at www.escosa.sa.gov.au/advice/advice-to-local-government.

The Commission has considered the Council's SMP documents and other documents (set out in the box below), with a particular focus on its performance and outlook against three financial indicators: the Operating Surplus Ratio (**OSR**), the Net Financial Liabilities Ratio (**NFLR**) and the Asset Renewal Funding Ratio (**ARFR**).¹⁰ Analysis of these three indicators captures financial and service sustainability, cost control and affordability risk.¹¹

The Commission reviews 10 years of historical data, being the years 2014-15 to 2023-24 (**Historical Period**) the "current year" 2024-25 and 10 forecast years, being 2025-26 to 2034-35 (**Forecast Period**).

Table 1: Strategic management documents referred to

- ▶ The Barossa Council, General Purpose Financial Statements for the year ended 30 June 2025.
- ▶ Corporate Plan, 2024-2028 (2024-2025 revision).
- ▶ Barossa Local Economic Development Plan, 2022-2027.
- ▶ Long-Term Financial Plan 2024/25 – 2033/34 Update as at 2 January 2025.
- ▶ Annual Business Plan and Budget 2025-2026 – Incorporating the review of the Long-Term Financial Plan for 2025/26 to 2034/35.
- ▶ Annual Budget and Business Plan 2024/25 (adopted 19 June 2024).
- ▶ UHY Haines Norton, The Big Project – Priority 1 Projects – 2023 Update, Prudential Review February 2024.
- ▶ Infrastructure Asset Management Plan, 2024-2034 – adopted 19 November 2024.

Given that the Commission must, in providing its advice, have regard to the objective of councils maintaining and implementing their IAMPs and LTFPs,¹² it has also considered the Council's performance in that context. Findings regarding the content of the Council's AMPs, and the alignment between its LTFP and AMPs,¹³ are discussed in Section 5.

The Commission has also reviewed the financial template provided by the Council, including its 2025-26 LTFP forecasts for 2025-26 to 2034-35, historical financial data, the number of rateable properties and Council staff (Full Time Equivalent or **FTE**) numbers from 2014-15 onwards.¹⁴ The charts and tables in the Advice are primarily sourced from these datasets. In addition, the Commission has reviewed the Council's audit committee reports, and other public information, as appropriate.

The Commission has reported estimates in nominal terms to identify 'real' rather than 'inflationary' effects. In the charts, the Consumer Price Index (**CPI**) line for the Historical Period is calculated as the compound annual growth rate in the CPI (Adelaide) series from 2014-15 to 2023-24, being

¹⁰ The three financial indicators are specified in the Local Government (Financial Management) Regulations 2011. Since 2011, each council has been required to include these three indicators in its plans, annual budget, mid-year budget review and annual financial statements. Councils can adopt their own target range for each ratio, but the Commission is guided by the Local Government Association (**LGA**) target ranges, which were established and agreed during the development of the LGA Financial Sustainability Papers (2006-2011).

¹¹ The F&A listed 29 analytical questions that the Commission has considered in assessing the Council's performance against these indicators to determine affordability, cost control and other sustainability risks.

¹² LG Act s122(1g)(a)(i).

¹³ As required under s122(1b) of the LG Act.

¹⁴ The Council's estimates for the 2024-25 financial year were unaudited at the time of preparing this advice.

2.9 percent.¹⁵ Each financial year is the average of the four quarterly results. The CPI for the Forecast Period is calculated as the compound annual growth rate in the CPI (Australia) series from 2025-26 based on the Reserve Bank of Australia (RBA) (Australia-wide) inflation forecasts to the December 2027 quarter, and the midpoint of the RBA target range (2.5 percent) thereafter, yielding an average inflation rate for the Forecast Period of 2.5 percent. Similarly, for the current year 2024-25, we have observed a CPI (Adelaide) of 2.4 percent.

Finally, in formulating this Advice, the Commission has had regard to all discussions and engagement with the Council, including the meeting with Council officers and the individual circumstances of the Council, including:

- ▶ its location as an Urban Fringe Council
- ▶ its income level (\$52.7 million in 2024-25¹⁶), and
- ▶ the size of its rates base (around 13,418 ratepayers in 2024-25¹⁷).

Throughout this Advice, the Commission has identified several key points and assigned the following risk category to those points:

Legend:  Low-risk  Moderate-risk  High-risk

¹⁵ The assumed CPI for the Historical Period is 2.9 percent, being the compound annual growth rate in the CPI (Adelaide) series from 2014-15 to 2023-24. Source: [Consumer Price Index, Australia, June Quarter 2024 | Australian Bureau of Statistics](#)

¹⁶ The Barossa Council General Purpose Financial Statements for the year ended 30 June 2025, p 3.

¹⁷ Based on the Council's financial reporting template provided to the Commission.

3 Council profile

The Council is classified by the Commission as an 'Urban Fringe' council and is one of five in this category in South Australia.¹⁸ It covers an area of 893.5 square kilometres, has an estimated resident population of 26,590 (at 30 June 2024),¹⁹ and approximately 13,418 rateable properties (on 1 January 2025).²⁰

The Council is in the mid-north region of South Australia, formed in 1996 by amalgamation of the District Councils of Barossa, Tanunda and Angaston, and the amalgamation of the District Council of Mount Pleasant in 1997.²¹

Figure 1: Council Area

The Council region has the following attributes:

- ▶ historical rateable property growth of approximately 0.7 percent per annum²²
- ▶ population density of 29.8 persons per square kilometre²³
- ▶ 989 kilometres of sealed and unsealed roads, of which 61.6 percent are unsealed roads²⁴
- ▶ employment sectors mainly in manufacturing (18.5 percent), healthcare and social assistance (11.5 percent), education and training (8.5 percent) and construction (8.1 percent)²⁵, and
- ▶ a median population age of 45.5 years.²⁶

4 Material plan amendments in 2025-26

Significant increases in Council financial estimates for 2025-26 to 2033-34 compared with the same period in the previous LTFP are due to borrowing for new capital projects. Capital expenditure on new and upgraded assets has increased markedly. The Council maintains transparent forecasting and indexation practices, with rate rises tied to CPI and property growth. The changes partially reflect the impact of 'The Big Project' and are explained further in the Council's LTFP.

The material amendments to some of its main financial forecasts are listed in the table below (in nominal terms).²⁷ To ensure a comparable analysis of forward estimates between the 2024-25 and 2025-26 LTFPs, the Commission has reviewed the nine overlapping years' statistics: 2025-26 to 2033-34 and identified material amendments accordingly.

4.1 Key points

The Council's methodology for indexation is transparent and published.

Table 2: Historical and forecast financial items

Selected Financial Item	Sum of 2025-26 to 2033-34 estimates in 2024-25 LTFP (\$ million)	Sum of 2025-26 to 2033-34 estimates in 2025-26 LTFP (\$ million)	Change in 2025-26 estimates (\$ million)	Change in 2025-26 estimates (percent)
Capital expenditure on new and upgraded assets	\$5.9	\$33.7	\$27.8	+470.0

4.2 Changes to capital expenditure estimates

Capital expenditure on new infrastructure has increased by 470.0 percent due to ongoing expenditure for 'The Big Project' and other capital projects. Assets, the AMPs, and the Council's capital expenditure outlook are discussed further in Section 5.3.

4.3 Indexation adjustments

The Council has a structured approach to forecasting and has clear and comprehensive information for ratepayers about its revenue and expenditure estimates and assumptions underlying its forecasts for rate increases and the LTFP. Its general rates increase for 2025-26 is based on the RBA's May 2025 trimmed CPI,²⁸ plus anticipated rateable property growth together with a component for funding capital programs (further discussed in section 6.)

²⁷ Table 2 shows only selected financial items to demonstrate the material amendments made by the Council in its 2025-26 estimates.

²⁸ Annual Business Plan and Budget 2025/26, p. 49.

5 Financial sustainability

5.1 Operating performance

5.1.1 Key points

- ✓ The Council has achieved an average OSR of 3.8 percent indicating sustainability in operating performance during the Historical Period.
- ✓ In the Historical Period, expense growth per property was equal to inflation.
- ⚠ In the Forecast Period, the Council expects an annual average surplus less than its historical average performance but is likely to remain sustainable.
- ✓ The Council's ongoing reviews of expenditure and consultation with the community demonstrate good practice.

The Council remains financially sustainable, maintaining an average historical OSR of 3.8 percent, with forecasts slightly lower at 2.1 percent due to planned capital expenditure. Income and expenses have grown at rates matching or exceeding inflation. Expenditure and debt remain well-managed, supporting continued service delivery and capital investment.

5.1.2 Operating Surplus Ratio

Figure 2: Operating surplus ratio – historical and forecast

In the Historical Period, the Council achieved an average OSR of 3.8 percent incurring one deficit in the period due to a decrease in grants revenue and higher employee and materials costs. The average operating surplus was \$1.5 million. The Council projects an average OSR of 2.1 percent in the Forecast Period. The Council forecasts small deficits in 2025-26 and 2026-27 followed by a return to surplus. The Council's forecast addresses cash flow impacts and budget constraints related to projected capital project expenditures (as discussed in section 5.3).²⁹ If the forecast is achieved, it will provide an

²⁹ Meeting with the Council, 27 May 2025.

average OSR of 2.1 percent, below its historical average but commensurate with the impact of planned capital expenditure.

Total income and expenses were closely aligned between 2014-15 and 2023-24 and are forecast to continue similarly.

Average income growth per annum (CAGR) was 3.3 percent in the Historical Period but was equivalent to average inflation of 2.9 percent when accounting for rateable property growth of 0.7 percent for the period.³⁰ The Council forecasts income growth per annum (CAGR) of 3.5 percent (compared with forecast average inflation of 2.5 percent), driven by growth in rates and other charges but the difference is due to growth in rateable properties - expected to be 0.8 percent per annum. The Council noted that their forecast rate increases per property are higher than inflation but are aligned with their cost increases.³¹

Historical average expenditure growth per annum (CAGR) of 3.7 percent was higher than both inflation and the Council's income growth in the Historical Period but the difference can be attributed to growth in rateable properties. The average annual growth in expenses per property (CAGR) was 2.9 percent, equal to inflation for the period.

Figure 3: Expense by rated property - historical and forecast

The Council expects average expenditure per annum (CAGR) growth of 3.0 percent in the Forecast Period, above the RBA forecast inflation of 2.5 percent, the difference being mainly due to growth in rateable properties. However, operating expenses per rated property are forecast to be lower than CPI with average growth (CAGR) of 2.1 percent per annum (see Figure 3).

In the Historical Period, 'material, contracts and other' expenses averaged 39.8 percent of total costs, with employee costs at 36.0 percent. The Council projects these will shift to 36.5 percent and 39.4 percent respectively, while depreciation remains steady at 22.1 percent.

The Council has an ongoing reform agenda of increasing transparency and probity with rolling service reviews of all expense drivers.³² It has a strong focus on both expenditure and function review.³³ It is focused on agile service delivery and changes its procurement models in response to market conditions in addition to utilising shared procurement with neighbouring councils as appropriate. The Council also consults extensively with its towns on expectations for service provision and has

³⁰ The assumed CPI for the Historical Period is 2.9 percent, being the compound annual growth rate in the CPI (Adelaide) series from 2014-15 to 2023-24. Source: <https://www.abs.gov.au/statistics/economy/price-indexes-and-inflation/consumer-price-index-australia/jun-quarter-2024>

³¹ See Note 29.

³² See Note 29.

³³ See Note 29.

developed a master plan to look forward and determine priorities for all communities within the geographic footprint of the Council.³⁴

5.1.3 Commission's recommendations on operating performance

The Commission notes the Council's good practices of reviewing expenditure regularly and consulting the community on priorities.

5.2 Net financial liabilities

5.2.1 Key points

- ✓ The Council has a structured approach to debt management.
- ⚠ The Council has forecast high debt for a period of five consecutive years however could reconsider its proposed repayment pace.
- ✓ The Council's historical and forecast income always exceed its debt.

The Council maintains strong financial management and transparency, with historical and forecast income consistently exceeding net financial liabilities, even as debt rises to fund 'The Big Project'. Although finance costs and debt levels temporarily increase, prudent planning, published reports, and ongoing community support contribute to long-term sustainability. The Council could consider adjusting its rapid loan repayment strategy to better balance financial costs and intergenerational equity, as cash reserves will be low during peak capital expenditure.

The NFLR³⁵ is a measure of a council's indebtedness and indicates whether a council can cover its net financial liabilities over a period.

Figure 4: Net financial liabilities ratio – historical and forecast

The NFLR averaged 17.9 percent in the Historical Period remaining within the LGA recommended range. The Council forecasts an increase in the ratio to an average of 50.8 percent in the Forecast

³⁴ See Note 29.

³⁵ The net financial liabilities ratio is defined as: Net financial liabilities ÷ Total operating income. This ratio measures the extent to which a council's total operating income covers, or otherwise, its net financial liabilities. The LGA target range is between zero and 100 percent of total operating income but could be higher in some circumstances (see LGA SA Financial Indicators Paper, pp. 7–8).

Period (with a peak of 88.6 percent in 2025-26) as it borrows to fund 'The Big Project' (Phase 1) – an intergenerational community infrastructure project.

The Commission notes the Council's diligent and transparent approach to this project with comprehensive, published, prudential reports.³⁶ Following extensive consultation, community support for the project is widespread. As noted above (see Figure 2), the Council forecasts deficit budgets from 2025-26 to 2026-27 reflecting cash flow impacts associated with this project.

Finance costs are forecast to increase in the near-term to support infrastructure development and return to average levels consistent with historical expenditure by June 2033. The Council proposes to repay loans rapidly (within seven years) and utilise CADs as required,³⁷ however the Commission suggests that the Council consider a slower repayment pace to support intergenerational equity.

Figure 5: Total income and net financial liabilities – historical and forecast

Both historically, and in its forecast, the Council's annual income exceeds its net financial liabilities, noting some pressure in the early years of 'The Big Project' between 2024-25 and 2029-30 (see Figure 5). 'The Big Project' commenced in 2016 and most of the expenditure in Phase 1 will conclude by 2024-25. It is a long-term project with a 35-year time frame that is master-planned to deliver economic growth, community infrastructure, and social and environmental outcomes. \$17.0 million is committed to this project in 2025-26 capital investment.³⁸

³⁶ UHY Haines Norton, The Big Project – Priority 1 Projects – 2023 Update, Prudential Review February 2024.

³⁷ CADs – Cash Advance Debentures, Meeting with the Council, 27 May 2025.

³⁸ Annual Business Plan and Budget, 2025/26, p. 22.

Figure 6: Cash and cash equivalents at year end – historical and forecast

Cash held at the end of the financial year averaged \$10.2 million in the Historical Period. In the Forecast Period, the Council anticipates that cash held will decline to an average of \$0.2 million, as it repays borrowings and funds capital projects (see Figure 6).

5.2.2 The Commission's recommendations on financial liabilities

The Commission recommends that the Council:

1. **Consider** its pace of repayment of debt for 'The Big Project' to balance financial costs and intergenerational equity.

5.3 Asset renewals expenditure

5.3.1 Key points

- ✓ The Council has a comprehensive IAMP that is aligned with budgets and the LTFP.
- ⚠ The Council could improve transparency in its IAMP by including more information on current asset condition.
- ✓ The Council's historical and forecast ARFR ratios indicate that the Council has and is likely to renew its assets in a timely manner.
- ✓ The Council has strong governance processes around new asset infrastructure projects that include community consultation.

The Council maintains strong governance and prudent financial management of assets, with renewal and replacement aligned to budgets and long-term plans. Asset renewal funding is projected to stay within recommended ranges, despite variability and some reliance on younger assets due to recent major investments. The Council could further enhance transparency by updating and summarising asset condition data in its IAMP, especially as it undertakes significant projects like 'The Big Project'.

The Council has a comprehensive IAMP including all assets, that is reviewed every four years and updated as necessary. It promotes a systematic approach to managing assets however does not specify whether the figures presented are in real or nominal terms, nor any assumptions about its asset

values. It aligns its asset expenditure forecasts with annual budgets and the LTFP³⁹ (which does provide more detail about assumptions). Asset condition assessment and assessment of remaining useful life of the Council's assets is undertaken on a rolling basis depending on the asset class.⁴⁰ It is not clear from the Council strategic documents whether the remaining useful lives of assets are reviewed annually as required under Local Government Regulations and accounting standards.

The Council's IAMP notes that asset expenditure details and condition data are kept in a management information system and that system is integral to the IAMP and asset strategy. It could be helpful to report users to see a summary of condition data for each asset class within the IAMP. The Commission encourages the Council to continue to update condition data for all asset classes noting bridges and stormwater⁴¹ assessments are outdated.

The Council advises it is working with State Government and developers on a possible major residential expansion project (Concordia growth area). The Commission notes that the Local Government Boundaries Commission has recommended that the Concordia growth area move to Gawler Council however, the Minister requested that the Commission amend its Report and recommendations.⁴² Due to uncertainty, this project was not included in the current IAMP or LTFP. It is now more likely that the project will proceed and will therefore have a major impact on the LTFP and other strategic documents. The Commission recommends that all strategic plans are redeveloped to include the impact of the Concordia development as soon as a decision has been made.

Figure 7: Asset renewal funding ratio (renewal expenditure net) – historical and forecast

The Council's net investment in infrastructure renewal averaged 101.4 percent in the Historical Period with some variability, however, indicates that on average, the Council is likely to have renewed its assets in a timely manner.⁴³ It advises that variability in historical renewal was a result of deficient information in its earlier IAMP and that it has since made a significant investment in updating the information.⁴⁴ In the Forecast Period, the Council anticipates that the ARFR (net) will average 106.7 percent, remaining within the LGA recommended range if achieved.

³⁹ The Barossa Council Infrastructure Asset Management Plan 2024-2034 (adopted 19 November 2024), p. 21.

⁴⁰ The Council response to ESCOSA questions, 30 April 2025.

⁴¹ The IAMP notes condition assessment for bridges in 2017 and Stormwater assets in 2009 and no condition profile for fleet plant and equipment.

⁴⁴ Correspondence with the Council, 9 September 2025.

Figure 8: Net asset renewal expenditure and depreciation – historical and forecast

In the Historical Period, the Council's ARFR on a depreciation basis averaged 56.5 percent, indicating that depreciation was high relative to the expenditure requirements set out in the IAMP. For the Forecast Period, this ratio is expected to be 70.3 percent, indicating that the depreciation expense continues to be higher than planned capital renewal expenditure. This may be due to the significant proportion of young long-life assets within the Council's asset portfolio based on its historical and forecast new capital investments (further discussed below). The challenge for the Council will be to provide for future capital renewal, beyond the Forecast Period, ensuring that all Big Project renewals are not required simultaneously.

Figure 9: Total capital expenditure by category – historical and forecast

The Council expended an average of \$5.2 million annually on renewal and replacement of assets in the Historical Period, and \$8.3 million annually on average for new or upgraded assets in the same period. New/upgraded expenditure included \$20.0 million expenditure over 2022-23 and 2023-24 on building infrastructure and recreation assets.⁴⁵

The Council forecasts capital renewal and replacement expenditure of approximately \$9.9 million per annum to maintain its existing assets.

'The Big Project' is a major infrastructure project (currently in progress) to uplift community infrastructure over the next 35 years. The Council is continuing to work on phase one of this project over the next few years.⁴⁶ This project is largely responsible for the average forecast of \$3.5 million

⁴⁵ The Barossa Council General Purpose Financial Statements for 2022-23 and 2023-24 (Note 7).

⁴⁶ See Note 29

expenditure per annum on new and upgraded assets. The Council consults extensively with ratepayers, including on infrastructure development and priorities, to ensure that community expectations are managed and met.⁴⁷

The Council's practice is to embed new asset projects within its LTFP when funding is certain, to enable assessment of the project in the broader context of the Council business. It also undertakes independent feasibility studies and business case development before project approval, for example the prudential reports obtained in relation to 'The Big Project'.⁴⁸ All reports are available on the Council's website in line with its governance principle of transparency.

5.3.2 The Commission's recommendations on asset renewals expenditure

The Commission notes the Council's good practice of maintaining a comprehensive IAMP and asset system that is aligned with budgets and the LTFP. The Commission also notes the rigorous process for approval of new infrastructure projects.

The Commission recommends that the Council:

2. **Update** the condition data for all asset classes and ensure that asset useful lives are reviewed annually.
3. **Clarify underlying assumptions and include** summary information on asset condition within the IAMP to improve transparency.
4. **Update** all strategic plans to reflect the impact of the Concordia Development at the earliest opportunity.

⁴⁷ The Barossa Council Infrastructure Asset Management Plan 2024-2034 adopted 19 November 2024, p. 12.

⁴⁸ See Note 36.

6 Advice on current and projected rate levels

6.1 Key points

Rates per property are forecast to increase by higher than inflation between 2025-26 and 2034-35.

Rates affordability issues are unlikely.

Figure 10: Average rates revenue per property – historical and forecast

The Council had average rates income growth per annum (CAGR) of 4.1 percent in the Historical Period which was above CPI but incorporates 0.7 percent of growth in rateable properties. Rates per property average growth per annum for the historical period was 3.3 percent, also marginally above CPI of 2.9 percent. The Council's primary source of income was rates, averaging 78.3 percent of total income in the Historical Period and expected to be 80.9 percent of total income in the Forecast Period. The Council anticipates average rate income growth per annum (CAGR) to be 3.8 percent in the Forecast Period which includes growth in rateable properties at an average of 0.8 percent.

The proposed rate increase for 2025-26 is 3.4 percent for existing ratepayers,⁴⁹ which is above the forecast inflation for the year (3.1 percent⁵⁰) but meets the Council's requirement for revenue to renew current infrastructure and provide service delivery at current standards.⁵¹ It is unlikely that rates affordability will be an issue in the current, nor the Forecast Period, given the Council's SEIFA score.⁵²

The Commission notes the Council's transparency demonstrated by its routine publication of detailed information including assumptions behind its decision-making.

⁴⁹ The Barossa Council Annual Business Plan and Budget 2025/26, p. 33.

⁵⁰ RBA data -forecast time series, available at: <https://www.rba.gov.au/publications/smp/2025/aug/>

⁵¹ The Barossa Council Annual Business Plan and Budget 2025/26, p. 28.

⁵² The Barossa area is ranked 62 among 71 South Australian 'local government areas' (including Anangu Pitjantjatjara and Maralinga Tjarutja Aboriginal community areas and 'unincorporated SA') on the Australian Bureau of Statistics SEIFA Index of Economic Resources (2021), where a lower score (eg, 1) denotes relatively lower access to economic resources in general, compared with other areas, available at <https://www.abs.gov.au/statistics/people/people-and-communities/socio-economic-indexes-areas-seifa-australia/latest-release>

7 The Commission's next advice and focus areas

In the next cycle of the scheme, the Commission will review and report upon the Council's:

- ▶ achievement of plans to manage financial liabilities
- ▶ achievement of asset management plans
- ▶ implementation progress of 'The Big Project', and
- ▶ planning for the impact of the possible Concordia Growth area development, if the project is approved and proceeds.

8 Appendix: Glossary of terms

Term	Explanation
ABS	Australian Bureau of Statistics
AMP	Asset management plan (also called an IAMP)
ARFR	Asset Renewal Funding Ratio: renewal expenditure based (gross): $\text{Asset Renewal Expenditure} / \text{IAMP Renewal Expenditure}$ (where IAMP expenditure includes sale of replaced assets) Asset Renewal Funding Ratio - renewal expenditure based (net) - if IAMP excludes sale of replaced assets: $\text{Asset Renewal Expenditure} / \text{IAMP Renewal Expenditure}$ (where IAMP expenditure excludes sale of replaced assets) Asset Renewal Funding Ratio (depreciation based): $\text{Asset Renewal Expenditure} / \text{Depreciation}$ (IAMP Renewal Expenditure is that required according to the IAMP.)
CAGR	Compound Annual Growth Rate: $\text{CAGR} = (\text{V}_{\text{final}} / \text{V}_{\text{begin}})^{1/t} - 1$ CAGR represents the mean annualized growth rate for compounding values over a given time period. CAGR smoothes the effect of volatility of periodic values that can render arithmetic means less meaningful. (Source: Wikipedia)
Commission	Essential Services Commission, established under the <i>Essential Services Commission Act 2002</i>
CPI	Consumer Price Index (Adelaide, All Groups)
Council	The Barossa Council
CWMS	Community Wastewater Management System
ESC Act	<i>Essential Services Commission Act 2002</i>
F&A	<u>Local Government Advice: Framework and Approach – Final Report</u>
FA Grants	Financial Assistance Grants (Commonwealth Government)
Forecast Period	10 years from 2025-26 to 2034-35
FTE	Full Time Equivalent
Historical Period	10 years from 2014-15 to 2023-24
IAMP	Infrastructure and asset management plan (also called an AMP)
LG Act	<i>Local Government Act 1999</i>

Term	Explanation
LGA SA Financial Indicators Paper	Local Government Association of South Australia, Financial Sustainability Information Paper 9 - Financial Indicators Revised May 2019
LGGC	Local Government Grants Commission

Uniform Presentation of Finances

For the year ending 30 June 2027

The following is a high-level summary of both operating and capital investment activities of the Council prepared in a uniform and consistent basis.

All Councils in South Australia voluntarily have agreed to summarise annual budgets and long-term financial plans on the same basis.

The arrangement ensures that all Councils provide a common 'core' of financial information, which enables meaningful comparisons of each Council's finances.

	2025-26 Original Budget \$'000	2025-26 Forecast* \$'000	2026-27 Budget \$'000
Income	52,900	52,923	57,406
Less Expenses	(53,078)	(55,004)	(58,148)
Operating Surplus / (Deficit)	(178)	(2,081)	(742)
Less Net Outlays on Existing Assets			
Capital Expenditure on Renewal and Replacement of Existing Assets	(13,623)	(6,821)	(14,480)
Less Depreciation, Amortisation and Impairment	11,615	12,450	12,718
Less Proceeds from Sale of Replaced Assets	344	265	571
	(1,664)	5,894	(1,191)
Less Net Outlays on New and Upgraded Assets			
Capital Expenditure on New and Upgraded Assets	(16,970)	(4,947)	(15,430)
Less Amounts Received Specifically for New and Upgraded Assets	5,673	1,410	3,956
Less Proceeds from Sale of Surplus Assets	-	-	-
	(11,297)	(3,537)	(11,474)
Net Lending / (Borrowing) for Financial Year	(13,139)	276	(13,407)

* Forecast uses the quarter 2 revised budget as at 31 March 2026.

2026-27 - 2036-37 LONG TERM FINANCIAL PLAN

Assumptions and Financial Indicators

Under the *Local Government Act 1999*, Councils are required to have a Long-Term Financial Plan (LTFP) for a minimum period of 10 years. This Long-Term Financial Plan (LTFP) has been declared by The Barossa Council as a Strategic Management Plan pursuant to Section 122(8) of the *Local Government Act 1999*. This document reflects the annual review of Council's LTFP and acts as a starting reference point in the formulation of Council's Annual Business Plan and Budget 2026-27.

The LTFP is designed as a high-level document that summarises the future planning of Council's financial operations – particularly in relation to key components such as rate movements, service levels to our community, major infrastructure asset replacement/renewal, loan indebtedness and internal cash reserves.

On this basis and given the high-level nature of the document, the LTFP has been developed based on a number of key assumptions previously discussed and endorsed by Council. Further, Council has also previously endorsed a number of strategic financial policies which have driven the formulation of the LTFP.

Section 122 of the *Local Government Act 1999* also prescribes that Councils must have a Long-Term Infrastructure and Asset Management Plan to guide the future replacement, renewal and maintenance of our significant fixed asset base. Council's Infrastructure and Asset Management Plan (IAMP) was adopted by Council in November 2024, with an ongoing review process to provide improved asset data and information.

Consequently, in recognition of this, it is appropriate that a cautious and conservative approach be undertaken with financial modelling as part of the update to the LTFP.

With a significant fixed asset base being predominantly comprised of major community infrastructure such as roads, footpaths, stormwater drainage and community wastewater management systems, it is imperative that there is an appropriate link and consistency between the IAMP and the LTFP, to ensure the LTFP provides for the necessary capital outlays (as identified in the IAMP) for the renewal and replacement of existing community assets – herein referred to as 'non-discretionary' capital expenditure.

GENERAL ASSUMPTIONS

- The LTFP has been prepared to measure and check financial sustainability for Council and its component operations.
- The LTFP reflects existing recurrent service levels to our community being maintained. Council's budget process considers on-going service delivery and commitments and new expenditure items or initiatives.
- The LTFP has now been updated to include the Concordia growth area development financial estimates with revenue and expenses directly related to on-ground activity to commence in 2027-28, there is a risk this could now be 2028-29.
- 92% of the capital program is achieved and the remaining 8% is carried forward as works in progress or not commenced. The cash flow estimates align to the 92% capital program spend. Historically this is the upper performance outcome.
- The LTFP makes provision for ongoing Financial Assistance Grants and indexation at the trimmed RBA indexation rate.
- The LTFP investment in new infrastructure under The Big Project (Councils intergeneration community infrastructure strategy) assumes a 60% Council and 40% third party funding split for capital development costs.

OPERATIONS

- General rate revenue and service charge increments have been reviewed to ensure funding and service level provision is maintained in line with sustainability requirements.
- Operating costs for employees, contractors and materials have been based on a recalculation of budgets based on current expenditure trends, contractual arrangements and estimates for inflation and other cost growth.
- Depreciation has been calculated on existing asset classes, structures, valuation, and condition rating; asset componentisation has been included as appropriate to selected asset types. A review of useful lives, asset condition and replacement cost of all assets and components is an ongoing task refining the data.
- The Federal Government budget for 2026-27 indicates the continuation of the South Australia supplementary road program payment, it is estimated that Council will receive funding of \$235,000 per annum for the next 10 year. When actual allocations at Council level are determined the will be amended in the budget.
- The Roads to Recovery (RTR) grant funded program will continue for the forward estimates.
- Full Cost Attribution - an allocation of internal services to relevant charge areas has been allocated in the LTFP. This allocation from internal to external service areas does not affect the overall net result.
- Provisions have been estimated for the forward years of salary and wage growth due to increased population and support costs for growth infrastructure that is being or planned to be built.
- An efficiency and saving dividend of 1% has been applied to those expenses not linked to a contract indexed annually for the 2026-2027 financial year.

CAPITAL

- Asset renewal and/or replacement expenditure is provided for on various buildings, recreation, transport, stormwater, bridge, CWMS and plant & equipment assets providing for future needs. The estimates are based upon the November 2024 adopted IAMP.
- Infrastructure programs for upgrading existing assets including roads, recreation and open space, bike path, bridges, carparks, footpath program, stormwater and the continuous improvement program is budgeted at \$17.343m in 2026-27 including carried forward projects from the 2025-26 year.
- Infrastructure programs for new assets (not gifted assets) including roads, recreation and open space, bike path, bridges, carparks, footpath program, stormwater and the continuous improvement program is budgeted at \$14.144m in 2026-27 including carried forward projects from the 2025-26 year.
- Capital estimates have an escalation rate applied where applicable that is 10% greater than that applied to operating costs based on the RBA trimmed inflation index.

LOAN PRINCIPAL AND INTEREST REPAYMENTS

- Council's related borrowings and loan debt is predicted to peak at \$47.969m in 2033-34 with revenue forecast in this year at \$79.252m.
- Council is budgeted to be guarantor to an additional \$1.955m in loans to community groups in 2026-27.
- Total outstanding loans at the end of the 10-year long term financial plan period as at 30 June 2037 is \$40.728m, of which \$0.104m is for loans Council acts as guarantor on for community groups based on the current assumptions and service level policy settings of Council.
- Financing cost will increase in 2026-27 from the current interest cover percentage of 3.41% of revenue in 2025-26 to 3.68% of revenue in 2026-27 in support of growth infrastructure development and will reduce to 1.79% by 30 June 2037.

FINANCIAL SUSTAINABILITY PERFORMANCE CHIEF EXECUTIVE OFFICER REPORT – BASED ON CURRENT POLICY AND SERVICE LEVEL SETTINGS OF COUNCIL

KPI 1: Operating surplus

- A operating deficit is budgeted for two years of the LTFP 2026-27 and 2027-28 with a combined total of \$0.908m against revenue over the same period of \$118.101m.
- The LTFP returns to an operating surplus in 2028-29 based on the assumptions, with a surplus of \$38,000 budgeted.
- All future years are budgeting an operating surplus, with an accumulated surplus over 10 years as at the end of the 2036-37 financial year totalling \$15.483m.
- The general rate increase for 2026-27 is outlined in the business plan and budget above, 2027-28 and 2028-29 is 4.25%, 3.00% for 2029-30 and 2030-31, 2.50% for the remainder of the plan. Growth in future revenues from new property development is estimated at between 1.5% and 0.5% excluding Concordia growth.
- Concordia growth area revenues over the life of the 10-year plan commence in the 2027-28 financial year and total \$50.727m.

KPI 2: Operating surplus ratio average over 3 years

- Council's forecast retrospective operating result ranges from (1.8%) deficit to 3.4% surplus during this plan.
- Annual surplus ratios range from (1.3%) deficit to 3.9% surplus.

KPI 3: Net financial liabilities

- The forecast is 86.7% in 2026-27 and is budgeted to be 52.1% by 2036-37.

KPI 4: Asset Renewal Funding Ratio

- The average being 112.1% over the budget year and forward ten-year plan when measured against the adopted Infrastructure and Asset Management Plans.

Council has reviewed its financial parameters for the LTFP including the indexation used for forward projections on income and expenditure.

In line with Council Policy a regular review of Council's treasury management is undertaken to ensure a positive cash position is maintained.

This year's annual business plan and long-term financial plan has incorporated the best estimates available at the conclusion of the March 2026 quarter 3 period for the Concordia Development Area. The Concordia Growth Area is a significant property development of 12,000 allotments with the first properties estimated to be released in 2027-28.

The key performance indicators are all within the target ranges indicating a financially sustainable position over the 10-year period of the LTFP based on the current policy and service levels set by the elected body. Council has the capacity to undertake growth asset construction, operational costs and other minor additional projects along with consideration of other major works in future years.

Financial Sustainability

The Barossa Council is committed to the principles of financial sustainability. The importance of this is to ensure that each generation 'pays their way', rather than any generation 'living off their assets' and leaving it to future generations to address the issue of repairing worn out infrastructure. Such issues are frequently referred to as 'intergenerational equity'.

With community infrastructure such as recreation and sporting facilities, roads, footpaths and stormwater drainage comprising a major proportion of Council's balance sheet, it is important that Council implements appropriate strategies for the effective maintenance and renewal of such assets to ensure it is fairly and equitably funded from current ratepayers (general rate income) and future ratepayers (long-term loan borrowings).

Given the importance of ensuring financial sustainability of operations in the longer term, it is a legislative requirement that Council adopt a LTFP and IAMP (minimum 10 years) as part of future planning.

The LTFP is designed as a high-level summarised document for the future planning of Council's financial operations, particularly in relation to key components such as rate movements, service levels to our community, major infrastructure asset replacement/renewal, loan financing and internal cash reserves. Council conducts an annual review of its LTFP each year.

The financial sustainability of Council is measured by the surplus/deficit (before capital revenues) disclosed in the Statement of Comprehensive Income, with a consistent breakeven or operating surplus result indicative of a Council that is financially sustainable in the long-term. Other financial sustainability indicators are separately included within this report.

FUNDING PLAN

Council uses a mix of service, user and statutory charges, grants, commercial, other income and loan financing as a means of funding both operating and capital expenditure. Refer to the appendix for funding the long-term indexation, financial assumptions and estimates and the review of financial indicators.

All key financial performance indicators are met in each year of the financial plan and on totality of the ten-year plan.

To assist in keeping rates affordable whilst delivering current service levels and consulted upon and adopted growth and new assets Council plans to generate general rates income and predicts the following increases over the ten-year plan:

- For year 2026-27, as outlined in the Annual Business Plan and Budget above.
- For year 2027-28 at 4.25%
- For the year 2028-29 at 4.25%.
- For the year 2029-30 at 3.00%.
- For the year 2030-31 at 3.00%
- For the years 2031-31 to 2036-37 at 2.50%
- The above estimates do not include new properties - the growth estimates for additional income are 1% with this decreasing to 0.5% from 2035-36.

Selected service areas use services charges and service rates to recover the cost, including - Waste services for Refuse, Recycling and Green Organic future years range from 4% to 3.5%; and CWMS service charges will increase in future years ranging from 3.5% to 2.75%.

Other income changes funding the expenditure of Council are:

- General income from commercial activities and user charges such as caravan park, development fees and the like are estimated to increase at an average of 2.56% per annum.
- Recurrent grants are based on known factors. Where the grant is subject to indexation an average of 2.56% per annum.

Council is planning to spend an average of \$20.621m per annum (including indexation) on capital expenditure and projects and an average of \$54.161m per annum on day-to-day services (operational expenditure, excluding interest and depreciation but including indexation) over the next 10 years from 2027-28 to 2036-37.

OUR FINANCIAL PRINCIPLES

As part of its commitment to financial sustainability, Council operates under the following key financial principles in preparing the Annual Business Plan:

- Ongoing education and training such that all Elected Members and staff understand and fulfil their financial governance responsibilities.
- Policies and practices that support decision making and assessment of performance.
- Budget and financial information is presented at a strategic level, succinct and easy to follow.
- Budget and financial information is based on the LTFP.
- The Asset Management Plans are maintained and reflect whole of life costs.
- The rating strategy is equitable and generates sufficient revenue to meet financial needs.
- Financial performance is managed using suitable financial indicators and targets.
- A robust audit and internal control process is in place to ensure effective financial and governance compliance.
- Information provided to the community is open, transparent and relevant.
